International Dinner **Lumbrada**

LUMBRADA
COCINA MEXICANA

Join us on
Wednesday,
February 13th at
6:30 PM for our next
International Dinner
at **Lumbrada**

Mexican food is inspired by history and culture. Lovers of Mexican foods enjoy it for its flavorful kick, use of fresh aromatic ingredients and colorful presentation. Mexican cuisine incorporates the cooking of ancient Aztec and Mayan Indians with ingredients and cooking techniques that originated from all over the world to create its unmistakable flavor.

Lumbrada is located at 821 West Lancaster Avenue, Wayne, PA 19087 in the Devon Village Shopping Center.

Cost is \$35 per person (\$20 for new Dentists and their guests). Full service cash bar is available. **Space is limited to only 36 attendees.** Please RSVP to drjamsky@gmail.com as soon as possible.

From the Desk of the President

Jamie Wolitarsky, D.D.S.

Greetings All,

Times, they are “a changin”! As we come the end of 2018, it’s hard to believe that we are entering the final year of this decade. Smart phones, the cloud, social media and encrypted patient images, are all new aspects of our daily lives and the practice of dentistry. With information and “constant contact” surrounding us 24/7, it has seemingly become more and more difficult to find time for ourselves, friends, and colleagues. To that end, I find that many of our members feel increasingly isolated in their practices and profession.

I don’t know what the future holds; but I do know that our Dental Society continues to offer wonderful opportunities for members to gather face to face. Our most recent event at *Painting With A Twist* was a blast, as we relaxed and enjoyed each other’s artistic style. **CPR recertification** will be the Society’s next organized event and will be held at the Concordville Inn this coming January. The class will be followed by a sponsored happy hour for members to enjoy and interact.

This February the Society will be hosting our annual International Dinner at **Lumbrada** in Devon. If you enjoy traditional Mexican cuisine, this venue will get your taste buds kicking. The International Dinner is always very laid back and continues to be a great time to visit with fellow members in a casual atmosphere.

There are other opportunities to visit with fellow members and practitioners as well. The Society’s *Give Kids a Smile* program is a great way to get to know fellow members and give back to our local community. **DKU** continues to offer excellent C.E. courses in our local area. On that note, 2019 is a license renewal year; and if you need additional C.E., you can attend the **Greater Philadelphia Dental Conference** at Valley Forge at no charge. *This is one of our Society’s greatest member benefits, so please don’t miss out.*

I look forward to seeing you at one of our upcoming events. As always, please contact me if you have any suggestions that may benefit our Society and members.

All the Best,

Jamie Wolitarsky, DDS

GVAS THANKS...

WOW!! WHAT A WONDERFUL DAY OF DENTISTRY DONATED TO HONOR VETERANS OF OUR COMMUNITY –
November 14th at CVIM in West Chester!

Member and CVIM volunteer Tami Brady was part of a great team of assistants, hygienists, hygiene students, and CVIM dentists Anna Rossis & Pete Thompson, as well as member John Radomile who brought his wife, hygienist LuAnn Radomile, and assistant Jennifer Swan.

Dr. Michael Walker graciously provided surgical care for a veteran who needed his expertise during GVAS. Dr. Jim Gustainis helped a veteran referred through the Donated Dental Services program earlier in the fall

Three members (who weren't able to join us on 11/14) have volunteered to Adopt a Vet – we are matching three fortunate veterans with Drs. Ken Fetter, Chris Hussin, and Haddy Alrez!

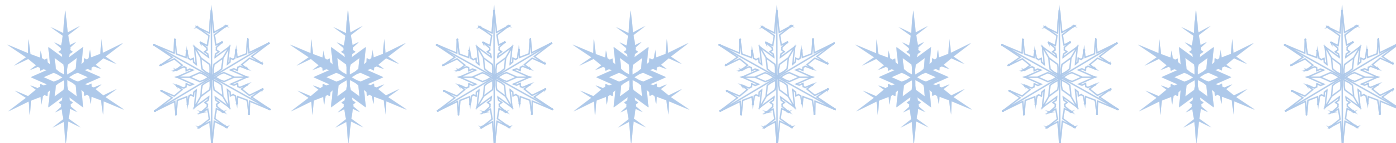

MTI rep Erica Wilson provided lots of handpieces and prophyl angles & supplies – thank you, Erica!!

With gratitude,

Lynette K. Himmelberger, DMD

Bernadette A. Logan, D.D.S.

You are invited to attend the biennial
CPR Healthcare Provider Renewal Course

sponsored by the Dental Society of Chester County and Delaware County on
Wednesday, January 23, 2019.

As a member of the Dental Society, you can attend this valuable course and fulfill your biennial recertification requirement, at no charge. Additionally, you can bring your staff along to fulfill their recertification requirements for \$65.00 per staff member.

The course will be held from **3:00-5:00pm** at the
Concordville Inn, Routes 1 and 322, Concordville.
To reserve your space, complete the reservation form below and return it by mail no later than January 9, 2019.

There will be a Happy Hour event with light snacks and a lecture on practice financing by Citizens Bank following the CPR recertification at the Concordville Inn restaurant.

To reserve your space and ensure we have enough food & drink, please contact Dr. Scott Levy at pulpedout@gmail.com or 484-444-2664 by January 9, 2019.

Biennial CPR Recertification Reservation Form

Dr. Name(s) _____ # Drs attending _____

Staff Name(s) _____ # Staff Attending _____

Phone # _____ E-mail Address _____

Please enclose a check for \$65.00 per staff person attending.

Checks can be made payable to the "Dental Society of Chester and Delaware County".

Space is limited and reservations will be taken on a first come, first served basis.

Mail Form & Check to: Media Endodontics, 1215 W. Baltimore Pike, Suite 9, Media, PA 19063

Dentist's Best Legal Defense is their Dental Team: Standards of Care 2019 – Dr. Gardiner's experience really goes to the court. He has over 40 years of practice experience and about 25 years as an expert witness in the court of law. He oftentimes sees that when dentists get sued, there are ancillary people on their teams that get called in to testify: hygienists, assistants, sometimes front-office staff people. From reading all of the materials presented in a case, it's clear that the actions of staff in the office can help or hurt the case. This course will enlighten you and your office staff of how the successful defense of dental malpractice suits involves the entire dental team – not just the doctor. Topics to be included: documentation that meets accepted standards of care; informed consent-you never told me that; medical history-how to get a good one and why you must have an accurate and complete history; prescription writing- legal and ethical problems and solutions; antibiotic prophylactic practices for 2019; what dentists are being sued for today and how to defend your office from a lawsuit; injuries and mishaps that are becoming more commonplace and how to meet accepted standards of care when they happen; clostridium difficile- a growing problem for dentists. *This course is supported by educational grants from Hayes Handpiece and P&G.*

Mitchell Gardiner, DMD – Shrewsbury, NJ

Wednesday, April 3, 2019

Clinical Technology That Can Improve Your Practice. . .Without Draining Your Retirement Plan – Dr. Flucke scours trade shows & the Internet to find the latest and greatest products and devices. . . so you don't have to! He pushes his office to be on the leading edge and will show why and how high tech can make practicing easier and more fun. The techniques and devices presented are ones that are used every day in his office so this lecture comes from the perspective of real world clinical experience. Learn about many technologies and strategies that can improve your efficiency and patient care. Topics covered include the digital operator, lasers, endodontic improvements, and many others. This fun and fast paced lecture will give you tons of info no matter where you are on the "techno-curve" in an entertaining and highly interactive format. Spend the day with "Dentistry's Technology Evangelist" and leave with a list of new and exciting ways to improve patient care and office efficiency the very next day. Learning Objectives: Advantages of digital operator; Uses of different laser wavelengths; Learn implementation strategies; Learn about affordable ways to improve clinical outcomes & efficiencies. *This course is supported by an educational grant from PNC, Kettenbach, Hayes Handpiece and P&G.*

John Flucke, DDS – Lee's Summit, MO

Wednesday, May 1, 2019

Creating Powerful practices: Understanding Emotional Intelligence – Bob and Bill will lead you through top 2% practice tested, results targeted Emotional Intelligence skills to resolve your challenges, ensure excellent team performance and provide a truly "Wow" transformational patient experience. Brimming with humor and wisdom, listen and apply insights of psychology to building a successful dental practice. Empower yourself and your team through new, problem-focused learning methods and hands-on skills practice in a supportive and fun environment. If you'd like to reduce work-related stress, increase your profits and build better relationships, this program on Emotional Intelligence is for you! Learning Objectives: Discover the power of Emotional Intelligence and its applications to dentistry; Gain skills to become a highly effective, balanced and authentic leader; Learn less stressful, most effective and positive conflict resolution strategies; Dramatically improve your case acceptance, empathy and listening skills; Benefit from research by learning to apply the Six Styles of Highly Effective Leaders; Create a Self-Directed Learning Plan that charts a step-by-step path to your ideal highly effective professional and personal self. *This course is supported by an educational grant from PNC.*
