

Pennsylvania State Police Request your Assistance with ID of Remains

On the afternoon of 01/01/16, members of the Pennsylvania State Police responded to Ridley Creek State Park, Delaware County for the discovery of human remains. Upon further examination, they discovered a human skull, with teeth still attached. Through the course of their investigation, it was determined the skull is from a female and has connections to south eastern Pennsylvania. Of dental note are the midline deviation and bite. Composite sketches and unique jewelry found with the deceased remains may be viewed on the Crimestoppers link below. If information you have would assist, please contact:
